RON Setup fees are subject to the complication of the request. The fee list above is a basic list of standard simple notary requested RON documents. If there is a lot of editing required on your document and you will want or need us to do the formatting we will give you a quote in advance of setup. Once setup begins, there will be a cancellation fee if RON is not completed.

**NOTE:** Many documents cannot be signed remotely online due to rules and statutes.

\$10 for blank forms we provide, RON notary fees are additional. (discounts are quoted in advance)

These are payments made through Zelle. PayPal invoice or credit card given over the phone, in advance to document set up will incur an additional fee of \$5.

No personal checks accepted; business checks only, with prior arrangements made. An additional fee may apply for invoicing real estate documents.

As RON is still a new service that has recently been approved, we cannot be responsible for knowing the laws or rules as to whether RON documents will be acceptable within the jurisdiction you plan on using or filing these documents. It is your responsibility to verify that the documents being remotely notarized will be accepted by the agency with which you wish to use them.

Online rules and regulations are changing rapidly, and we do our best to keep up with the rules, however we cannot guarantee that all remote notarized forms will be accepted by all agencies in all states and countries. Please seek legal advice if you have questions regarding RON document use and to confirm acceptance of remotely notarized documents with the agency you wish to use them.
