This is the National POLST Model Form and can only be *completed* in states that have adopted it. Check with your POLST Program (www.polst.org/map) to determine if your state uses this version.

National POLST Model Form

The National POLST Model Form is a portable medical order. Health care professionals should complete this form only after a conversation with their patient or the patient's representative. The POLST decision-making process is for patients who are at risk for a life-threatening clinical event because they have a serious life-limiting medical condition, which may include advanced frailty (www.polst.org/guidance-appropriate-patients-pdf).

This form should be obtained from a health care provider.
It should not be provided to patients or individuals to complete.

Printing the National POLST Model Form

1. **Do not alter this form**.

2. This national model form must be adopted by the state before it can be completed in that state as a valid POLST form. Find your POLST Program contact at www.polst.org/map – this is because some states have added information on page 2, have added a border, or have requirements about the color of the form.

3. Print BOTH pages as a double-sided form on a single sheet of paper.
